X. **NATIONAL COUNCIL OF STATE BOARDS OF NURSING, INC.**

1. **National Compact Licensure Compact Review and Analysis**

Board staff presented a review of the National Compact Licensure to include financial review from NCSBN based on NURSYS data in comparison to Board staff financial analysis.

The NCSBN financial analysis was reviewed. However, pertinent data related to the entire impact had missing components as follows:

- Verification loss of revenue (recurring)
- Subscription Service loss of revenue (recurring)
- NCLEX student (residence outside of state) loss of revenue (recurring)
- Advanced Practice fee inclusion (NCSBN unable to determine from NURSYS)
- Rap Back participation cost (to prevent repeated finger printing)

For comparison, ABN staff reviewed the Alabama licensure data for the past 2 fiscal years, included the missing financial data listed above and created a progression chart to demonstrate the fiscal impact on Board operations if left
with no changes to current licensure fee, as well as, the estimated increase in licensure fees needed to support the change. There would be an estimated 2500 nurses (AL nurses currently licensed in a compact state per NCSBN) who would opt for a Compact license in Alabama.

In addition, the legal staff have also conducted a detailed analysis of the proposed NLC legislation and current Alabama law (NPA) and/or Nursing Administrative Code changes that would be required prior to introducing the NLC in the legislative session. The Executive Officer also assessed the cost of criminal background checks with finger printing and personnel additions that would be needed as infrastructure to implement the NLC. These cost are not in the progression but would need to be budgeted.

Ms. Benson gave a brief report on the National Compact and Ms. Henley, Mr. Samuelson presented a legal analysis and concerns and action items needed. Mr. Glasscock gave a presentation on the NCSBN Financial Analysis, ABN Financial Analysis based on the last 2 fiscal years.

The Board discussed and will continue to evaluate. Ms. Benson will attend National Licensure Compact meeting in December and will report to the Board at the January 2017 Board Meeting.
